ERRATUM

Released: May 26, 2004

By the Assistant Division Chief, Telecommunications Access Policy Division, Wireline Competition Bureau:

On April 29, 2004, a Report and Order and Further Notice of Proposed Rulemaking was released modifying the Commission's rules to improve the effectiveness of the low-income support mechanism, which ensures that quality telecommunications services are available to low-income consumers at just, reasonable, and affordable rates.¹ Further, the Commission sought comment on whether the inclusion of a broader income-based criterion in the federal default eligibility criteria would further increase Lifeline/Link-Up subscription rates and whether adoption of rules governing advertisement of the Lifeline/Link-Up programs would strengthen the program.²

This erratum corrects the following errors in the released document:

1. Replacing Paragraph 60 with the following text: "The action contained herein has been analyzed with respect to the Paperwork Reduction Act of 1995 and found to impose new or modified reporting and recordkeeping requirements or burdens on the public. Implementation of these new or modified reporting and recordkeeping requirements will be subject to approval by the Office of Management and Budget (OMB) as prescribed by the Act, and will go into effect upon announcement in the Federal Register of OMB approval."
2. In the first sentence of Paragraph 61, replacing "*Report and Order*" with "*Further Notice*" so the sentence shall read: "Pursuant to sections 1.415 and 1.419 of the Commission's rules, interested parties may file comments not later than 60 days after publication of the *Further Notice* in the Federal Register and may file reply comments not later than 105 days after publication of the *Further Notice* in the Federal Register."
3. Deleting Paragraph 67.
